Beginning the week of February 15-March 22

Raised to Life: a study on salvation

You're invited to join a Scripture+Shared group starting the week of February 15!
What does it mean to be saved? This spring's 6-week Scripture+Shared study explores salvation as more than a ticket to heaven - it's God rescuing, healing, transforming, and sending us on mission. The study moves from covenant and deliverance in the Old Testament, to understanding our need for Christ and his saving work, to discovering what it looks like to live as saved people in the world today.
